Mother's Friend in Every Home

Comfort and Safety Assured Before the Arrival of the Storm.

The old saying—what is home without a mother—should add "Mother's Friend." In thousands of American homes there is a bottle of this splendid and famous remedy that has aided many a woman through the trying ordeal, saved her from suffering and pain, kept her in health of mind and body in advance of baby's coming and had a most wonderful influence in developing a healthy, lovely disposition in the child.

There is no other remedy so truly a help to nature as Mother's Friend. It relieves the pain and discomfort caused by the strain on the framework, makes pliant those fibres and muscles which nature is expanding and soothes the inflammation of breast glands.

Mother's Friend is an external remedy, acts quickly and not only banishes all distress in advance, but assures a speedy and complete recovery for the mother. Thus she becomes a healthy woman with all her strength preserved to thoroughly enjoy the rearing of her child. Mother's Friend can be had at any drug store at \$1.00 a bottle, and is really one of the greatest blessings ever discovered for expectant mothers. Write to Breckford Regulator Co., 123 Lamar Bldg., Atlanta, Ga., for their free book. "Write to-day." It is most instructive.

STOMACH TROUBLES

Mr. Ragland Writes Interesting Letter on This Subject.

Madison Heights, Va.—Mr. Chas. A. Ragland, of this place, writes: "I have been taking Theodor's Black-Draught for indigestion, and other stomach troubles, also colds, and find it to be the very best medicine I have ever used."

After taking Black-Draught for a few days, "I always feel like a new man." Nervousness, nausea, heartburn, pain in pit of stomach, and a feeling of fullness after eating, are sure symptoms of stomach trouble, and should be given the proper treatment, as your strength and health depend very largely upon your food and its digestion.

To get quick and permanent relief from these ailments, you should take a medicine of known curative merit.

Its 75 years of splendid success, in the treatment of just such troubles, proves the real merit of Theodor's Black-Draught. Safe, pleasant, gentle in action, and without bad after-effects, it is sure to benefit both young and old. For sale everywhere. Price 25c. N. C. 127.

Cough Medicine for Children.
Never give a child a cough medicine that contains opium in any form. When opium is given other and more serious diseases may follow. Long experience has demonstrated that there is no better or safer medicine for coughs, colds and croup in children than Chamberlain's Cough Remedy. It is equally valuable for adults. Try it. It contains no opium or other harmful drug. For sale by all dealers.—Advertisement.

JUAIREZ, Feb. 7.—Definite information of the fate of the ten American railroad men captured by Mexican bandits was still lacking today although in this city railroad officials were still disposed to discredit the rumor that they or at least six of them who were on the passenger train were locked in the train and sent to their deaths in the blazing Cumbre tunnel. Circumstances thus far learned are against the truth of the rumor.

SYLLABUSES

Of Some Appeal Cases Recently Decided by the State Supreme Court.

Following are syllabuses in cases just decided by the state supreme court:

Thou vs. Barringer et al.
1. An agreement to furnish all the materials necessary to the completion of a building without defining what they shall be and the exact price of the same under which the materials are to be furnished at different times, constitutes when executed a continuous and entire contract on which a mechanic's lien for the whole may be claimed within the statutory time after the last item is furnished, though more than sixty days elapsed between items of the account.

2. A mechanic's lien attaches and dates the time the first work is done or the first materials are furnished under the contract giving rise to it.

3. One purchasing premises, on which buildings are in the process of erection must make inquiry and take notice of any mechanic's lien right that has attached prior to his purchase.

4. A conveyance of the property or an incumbrance placed thereon after a mechanic's lien attaches to the beginning of performance under the contract, does not cut off or affect the right to the mechanic's lien for the whole, though a part of the execution of the contract is before and a part after the time of the conveyance or incumbrance.

5. When a mechanic's lien arises and attaches by reason of the beginning of performance under a contract, the lien is properly filed under the Code of 1906, chapter 75, section 12, though before the time the contract is completed and the lien is filed the owner who made the contract has conveyed the property to another.

Crane vs. Gauley Coal Land Company.
1. A deed conveying a tract of land by metes and bounds in consideration of a stipulated price per acre, describing it as containing by survey 900 acres, reciting the total supposed amount of purchase money and reserving a vendor's lien to secure deferred payments thereon, is not a contract for sale, but is a contract to sell, and gives the right to the grantor to demand the compensation for an excess at the stipulated price per acre.

2. But the vendor's lien, limited in terms to the two notes for deferred payments, does not secure payment of compensation for such excess.

3. In such case an instrument duly executed as a release, one part of which releases the right reserved in the deed, and the other stipulates against stoppage from collection of compensation for any excess that may afterwards be discovered, completely extinguishes the lien and saves only the right to sue for such compensation.

4. The cause of action arising out of mutual mistakes in the settlement as to the amount of purchase money in such cases is one of concurrent jurisdiction, and is subject to the bar of the statute of limitations.

5. In the absence of obstruction to the right of action for such a claim by fraud in some form, the statute runs against it from the date of the settlement.

6. Acts between the grantee and grantor to the contract, and to which the grantors were in no way parties, do not constitute such fraud, even though they may have tended to conceal the cause of action.

J. HIRAM BRUCE'S GOOD FORTUNE

AVOIDED CONSUMPTION BY THE TIMELY USE OF BEAR'S EMULSION.

About twelve months ago I contracted a very severe cold which left me with a dry hacking cough. I could not get rid of it. Cod Liver Emulsion was recommended and I took two bottles without any relief whatever, then I took a bottle of guaranteed cod liver oil and after taking it I felt much better.

I felt right much discouraged, but decided to try Bear's Emulsion which had been recommended to me by a friend, and after taking two bottles I am entirely cured and there is no indication of the cough returning.

I heartily recommend it to all suffering from a cough or cold, they have never been able to rid themselves of it.

Very truly yours,
J. HIRAM BRUCE
